$* \$ 10,000$ is required to open this Share Certificate at this promotional rate, and minimum $\$ 10,000$ must come from sources other than Member One Federal Credit Union
**For 12 Month No Penalty Share Certificate, IRA Regular Savings Accounts, and Education IRA (Coverdell) all withdrawals are penalty free; minimum balance must be maintained

1. RATE INFORMATION: All dividend-bearing accounts are variable rate, except fixed-rate certificate accounts. The Dividend Rate and Annual Percentage Yield (APY) may change at any time as determined by Member One Federal Credit Union's (Credit Union) Board of Directors. The Dividend Rate and APY for certificate accounts will be paid until the first maturity date. Current rates are disclosed above. For accounts in which two or more dividend rates paid on the account are applicable to specified balance levels, the annual percentage yield is calculated in accordance with Tiering Method A as described in CFR Title 12, Chapter VII, Subchapter A, Part 707, Appendix A to part 707, section D.
2. NATURE OF DIVIDENDS: Dividends are paid from current income and available earnings, after required transfers to reserves at the end of a dividend period.
3. COMPOUNDING AND CREDITING: The frequency with which dividend will be compounded and credited and is monthly or quarterly as set forth above. For the monthly dividend period example, the beginning date of the first dividend period is January 1, and the ending date of such dividend period is January 31. All other dividend periods follow this same pattern of dates. The dividend declaration date follows the ending date of a dividend period, and for this example is February 1. For the quarterly dividend period example, the beginning date of the first dividend period is January 1, and the ending date of such dividend period is March 31. All other dividend periods follow this same pattern of dates. The dividend declaration date follows the ending date of a dividend period, and for this example is April 1.
4. MINIMUM BALANCE REQUIREMENTS: The minimum balance requirements for each account are disclosed above. Minimum balance requirements may include a minimum opening deposit, the minimum balance you must maintain in the account to avoid service fees, and the minimum balance that you must maintain each day to earn the stated APY for that account. The par value of a share in this credit union is $\$ 5$. Failure to maintain the minimum balance will result in forfeiture of dividends on withdrawals up to the date that the balance falls below the minimum balance.
5. BALANCE COMPUTATION METHOD: Dividends for Primary Share Savings, Club Accounts, and IRA Accounts are calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that number by the number of days in the period. The period we use is the quarterly statement cycle. Dividends for Choice Money Market Accounts, One Choice Checking, Smart Choice Checking, Campus Advantage Accounts, and Certificate Accounts are calculated by the daily balance method which applies a daily periodic rate to the balance in the account each day.
6. ACCRUAL OF DIVIDENDS: All items deposited will begin accruing dividends as of the business day of the deposit. For deposits such as non-cash, electronic and ACH, dividends will begin to accrue as of the business day that the Credit Union receives the credit for the deposit of the non-cash item. Please refer to "Your Ability to Withdraw Funds" in the Funds Availability Policy and Disclosure for how a business day is defined. Accounts closed before dividends are credited will receive accrued dividends.
7. NOTICE OF WITHDRAWAL: We reserve the right to require that you give us advance written notice of at least seven to 60 days of your intention to withdraw funds from your account.
8. FEES AND CHARGES: Please refer to our Consumer Fee Schedule. For Smart Choice Checking, a monthly fee will be imposed for the first twelve (12) months and every month thereafter if non-sufficient funds, Courtesy Pay, and/or Courtesy Pay Plus occurs within the past six (6) months.
9. TRANSACTION LIMITATIONS: If withdrawals bring the account balance below the minimum balance required, then the account/certificate may be closed. All IRA transactions require signature (in person or electronically) and notarization (if by mail). For certificates, after opening, you may not make additional deposits to the certificate. Withdrawals made prior to maturity are subject to early withdrawal penalties.
10. EARLY WITHDRAWAL, PENALTIES, AND FEES: We will impose a penalty if you withdraw any of the principal in your account before the maturity date. The amount of the penalty is disclosed above. The penalty is calculated as a forfeiture of part of the dividend that has been or would have been earned on the account and applies whether or not the dividend has been earned. The penalty may be deducted from the principal amount of the deposit. The annual percentage yield disclosed for your account is based on assumption that dividend will remain in the account until maturity; a withdrawal will reduce earnings. IRA accounts may be subject to a closing fee as disclosed in the included Fee Schedule.
a. Withdrawing funds prior to maturity may result in reduction of the principal balance within the account/certificate. For IRA Certificates, if you are between the ages of $591 / 2$ and 72 , you will be allowed one early withdrawal per term without a penalty. If you are 73 or over, withdrawals are penalty free. For IRA Shares, there are no penalties for withdrawal.
11. MATURITY: Your account will mature according to the term disclosed above, and as disclosed on your account summary or statement.
12. RENEWAL POLICY: Unless you otherwise instruct us, your certificate or IRA account will automatically renew at maturity. You will have a grace period, disclosed above, after the maturity date to withdraw the funds in the account without being charged an early withdrawal penalty.
